| Margo Stockdale | EPA/Region 7 |

WATERSHED QUALITY PLANNING TASK FORCE MEETING SUMMARY NOVEMBER 15, 2007

The meeting was called to order at 10:00 a.m. in the board room at Metro Waste Authority

Draft copies of the final legislative report were provided at the meeting to all who attended. The committee discussed and reviewed the final draft recommendations for verbiage and grammar changes. Rick Robinson with the Iowa Farm Bureau Federation made corrections to the final draft report during the meeting. A verbal consensus was reached by the committee accepting all changes made to the report. The committee verbally signed-off on the final report.

Next Steps

- All subcommittee notes, summaries, and agendas are to be added to the DNR website. They can be forwarded to Jessie Brown at the DNR at Jessie.brown@dnr.iowa.gov.
- Rick Robinson will include a sentence in the report that states what quantifies the scope of our efforts. Bill Ehm, Roger Wolf, Deb Ryun, and Tom Hadden will provide subcommittee's estimates to Rick of the number of meetings, number of special speakers or experts invited to each respective meeting (not task force or subcommittee members), number of issues examined (or on your agendas), and estimate of the hours of each meeting and/or hours spent by others outside of your meetings. Example: "The task force spent X hours examining X issues over the course of X months, including inviting at least X experts to X meetings to come to its final recommendations."
- Final report will be emailed to Geri Crawford at gcr@mwatoday.com to be finalized in a design program.
- The final report will then be sent to the Chief Clerk at the Legislature and Secretary of the Senate to distribute to appropriate individuals.
- Metro Waste Authority will provide a press release the week of November 26, 2007.
- DNR to provide statewide press release.

Adjournment

The meeting adjourned at 3:00 p.m.
