

Iowa Community Block Grant Web Site

<http://www.iowalifechanging.com/community/cdbg/index.html>

The above is a link to the portion of the IDED website that provides information on our Community Development Block Grant Program water/sewer fund and community facilities & services fund. Although it discusses an application workshop we have already conducted it includes materials that any community would find useful-it has our program rules, applications forms, powerpoint presentation on program requirements, and information on how to conduct an income survey. I hope this is helpful for your purposes.
