WHAT ARE IOWA HUNTING PRESERVES?

Hunting preserves are licensed, controlled hunting areas which release pen-raised gamebirds for hunting purposes. The Iowa hunting preserve season is September 1 to March 31.

WHAT CAN YOU EXPECT?

Depending upon the hunter's needs, hunting preserves can provide a variety of services, including (but not limited to) prehunt claybird shooting, experienced hunting guides, quality trained bird dogs (retrievers and pointers), game processing/packaging, meals and lodging. Other outdoor-related opportunities may include camping, fishing and sporting clays. Family rates and activity packages are also available.

Hunters desiring privacy, high-quality hunting habitat, a variety of hunting conditions and an outstanding demonstration of dog work (many preserves do allow hunters to bring their own dogs) will enjoy Iowa's hunting preserves. The state of Iowa offers excellent hunting opportunities and licensed hunting preserves provide hunters with an option of fast action in a relatively short time frame.

WHAT DOES IT COST?

The hunting preserves listed in this brochure are open to the public, normally on a daily fee and/or annual membership basis. Unlicensed hunters must obtain an annual hunting preserve license for \$6 and the \$8.50 habitat fee. Iowa residents under the age of 16 and hunting with an adult are not required to possess a license.

WHO TO CONTACT

The reverse side of this brochure provides a listing of licensed hunting preserves open to the public as of September 1, 2007. Write or telephone them for reservations and more specific details.
